

Sunday Mornings are Happening at Church! - If you haven't been to Sunday School at FPC lately, you are really missing out! We have something designed for all ages and interests. We have classes for all ages of youth and two adult classes. A nursery is always available for the little ones.

Here are just a couple of classes detailing their area of study.

High School Group: Stewart Clark is facilitating a class that is designed around areas of interest for the teenage group. His curriculum will differ from week to week utilizing www.teensundayschool.com and other websites to include various activities and discussions from current topics.

At the top of the stairs there is a Bible study discussion class for Y-O-U : Young Adults, Others (young in spirit), those Uninvolved in another class. Our discussion, led by Betty Sloop, centers around the catechism questions and Bible verse for the week and the life and ministry of Jesus recorded in Mark. Join us as we gain insight, inspiration and information from each others' questions, answers, observations and experiences.

Volunteer Needed! - Do you have library experience? We need someone with extremely good organizational skills to file the many donations we have received for the library. Please see Nanette Baughman or Melanie Floyd if you're willing to be our Church Librarian.
